ONE SUSTAINABLE HEALTH by all 2026

November 17-19, 2026 • Bengaluru, India

One Planet. One Health. One Future.

A global platform bringing together science, technology, policy, industry and communities to advance One Sustainable Health by all through innovation, AI, data, collaboration and real-world action.

Conference website: **www.icwar.iisc.ac.in/osh-by-all**

WHY ONE SUSTAINABLE HEALTH?

Health challenges are interconnected and need integrated solutions beyond traditional healthcare. One Sustainable Health by all (OSH) brings human, animal, plant and environmental health together through science, technology, policy and innovation, creating resilient ecosystems, healthier communities and sustainable solutions for future generations.

- Climate change, AMR & health threats
- AI, digital innovation & data-driven solutions
- Cross-sector research & collaboration
- Science, policy, industry & communities

FOUR DIMENSIONS, ONE CONNECTED SYSTEM

One Sustainable Health

Zoonoses & AMR · Agri-food systems · Soil & ecosystems

Human Health
Disease prevention, wellbeing & healthcare innovation

Animal Health
Livestock, veterinary care and zoonoses

Plant Health
Crops, soil and sustainable food systems

Environmental Health
Water, climate and ecosystems

WHY BENGALURU?

Vidhana Soudha, Bengaluru Seat of the Karnataka legislature · India's innovation capital

Where Innovation Meets Global Health

World-class research, AI, startups and global partnerships come together in Bengaluru, with the conference co-located with Bengaluru Tech Summit 2026.

- Global hub for research and innovation
- Leading AI and deep-tech ecosystem
- Thriving startup and industry network
- Strong academia–industry collaboration
- International partnerships and policy engagement

BUILDING GLOBAL MOMENTUM

A collaborative platform where international experts, governments, academia and industry turn scientific knowledge into scalable global action.

- Builds on OSH Summit 2025
- Continues the legacy of One Health Summit France 2026
- Celebrates the Indo-French Year of Innovation
- Advances outcomes of the AI Action Summit 2026
- Connects the OSH Forum World Network of Regional Leads
- Strengthens South Asia–Europe partnerships

PROGRAMME SCHEDULE

17 NOVEMBER 2026

Bengaluru Tech Summit 2026

Inaugural, Announcement of OSH 2026

10:00 AM – 6:00 PM · BIEC, Bengaluru

18 NOVEMBER 2026

OSH 2026 Inauguration

Keynote Sessions · Exhibition Showcase

9:30 AM – 5:30 PM · IISc Bengaluru

19 NOVEMBER 2026

Keynote Sessions

Exhibition Showcase

9:30 AM – 5:30 PM · IISc Bengaluru

5 BLOCKS OF OSH

ONE
Vision
A shared goal for planetary health

ONE
Connect
Linking people, data and systems

ONE
Collaboration
Science, policy, industry and communities together

ONE
Impact
Practical, measurable real-world outcomes

ONE
Future
Resilient ecosystems for generations ahead

WHAT TO EXPECT: FOUR STRATEGIC PILLARS

01 Science & Technology
AI, digital health and One Health data platforms, disease surveillance, AMR and water security

Experience: Technology Showcase & AI Sessions · Scientific Presentations & Research Exchange

02 International Collaboration
Partnerships across India, France, Europe, Africa, South Asia & East Asia

Experience: International Keynotes & Thought Leadership · Knowledge Exchange & Partnerships

03 Governance & Policy
Action-oriented dialogue with governments, WHO and global institutions

Experience: Policy Dialogues & Governance Forums

04 Youth & Society
Empowering researchers, startups, students and civil society

Experience: Future Leaders Forum · Startups Connect & Industry Collaboration · Networking & Field Visits

Also featured: Climate, Water, Soil & Environmental Health with Innovative Financing · The One Health Village model

WHO WILL BE THERE

- Government Officials & Policymakers
- Scientists, Researchers & Academia
- Healthcare & Veterinary Professionals
- Environmental & Sustainability Experts
- Technology Leaders, AI Innovators & Industry
- Startups, Entrepreneurs & Innovation Ecosystem
- International Agencies, Development Organisations & NGOs
- Students, Young Researchers & Civil Society

EXPECTED OUTCOMES

1. Policy Recommendations
2. One Health Data Platforms
3. International Research Collaborations
4. Indo-French Scientific Partnerships
5. Regional Knowledge Exchange & Global Innovation Network
6. Bengaluru as a long-term One Sustainable Health by All Innovation Hub

ORGANISING COMMITTEE

Utpal Tatu
ICWaR, Indian Institute of Science, India

Praveen C. Ramamurthy
ICWaR, Indian Institute of Science, India

Brian B. Rudkin
OSH4A Foundation & University Lyon1; Inserm SBRI, CNRS, France

Lakshminarayana Rao
ICWaR, Indian Institute of Science, India

Ole Petter Ottersen
University of Oslo, Norway; Karolinska Institutet, Sweden; Lausitz University, Germany

Claus Haugaard Sørensen
Former Director-General, European Commission, Belgium

Jagdish Patankar
Bengaluru Tech Summit, India

Neela Tatu
OHV Co-Foundation, India

Anne-Françoise Berthon
ANSES, France

Franck Barthélémy
Conseiller du Commerce Extérieur de la France (CCE), Président du Conseil Consulaire de Delhi

Join the Global Movement

Together for a sustainable future: be part of an international community shaping the future of health through science, technology, innovation and collaboration.
