ONE SUSTAINABLE HEALTH by all 2026

November 18–19, 2026 • Bengaluru, India

One Planet. One Health. One Future.

A global platform bringing together science, technology, policy, industry, and communities to advance One Sustainable Health by all through innovation, AI, data, collaboration and real-world action.

Conference website: www.icwar.iisc.ac.in/osh-by-all

WHY ONE SUSTAINABLE HEALTH?

A New Global Vision for Health

Health challenges today are increasingly interconnected, demanding integrated solutions that go beyond traditional healthcare. One Sustainable Health by all (OSH) brings together human, animal, plant and environmental health through science, technology, policy and innovation. By fostering cross-sector collaboration, OSH by all creates resilient ecosystems, healthier communities and sustainable solutions for future generations.

Key Highlights

- Integrates Human, Animal & Environmental Health
- Addresses climate change, AMR & health threats
- Harnesses AI, digital innovation & data-driven solutions
- Fosters cross-sector research & collaboration
- Connects science, policy, industry & communities
- Builds resilient, sustainable ecosystems

WHY IISc?

Where Innovation Meets Global Health

As India's premier research institute, IISc brings together world-class research, AI, startups and global partnerships. Over two days at IISc Bengaluru, One Sustainable Health by all Bengaluru 2026 offers students, researchers and other attendees a platform to learn, share ideas and collaborate for sustainable health.

Why IISc is the Ideal Host

- **Premier hub for research and higher learning**
- **Leading AI and deep-tech ecosystem**
- **Students, faculty and young researchers**
- **Strong academia-industry collaboration**
- **International partnerships and policy engagement**

Four Dimensions of One Sustainable Health

Human Health

Animal Health

Plant Health

Environment Health

BUILDING GLOBAL MOMENTUM

Strengthening International Collaboration

OSH by all Bengaluru 2026 builds upon major global initiatives and partnerships that are shaping the future of One Sustainable Health by all. Bringing together international experts, governments, academia and industry, the conference serves as a collaborative platform to transform scientific knowledge into scalable global action.

Global Foundations

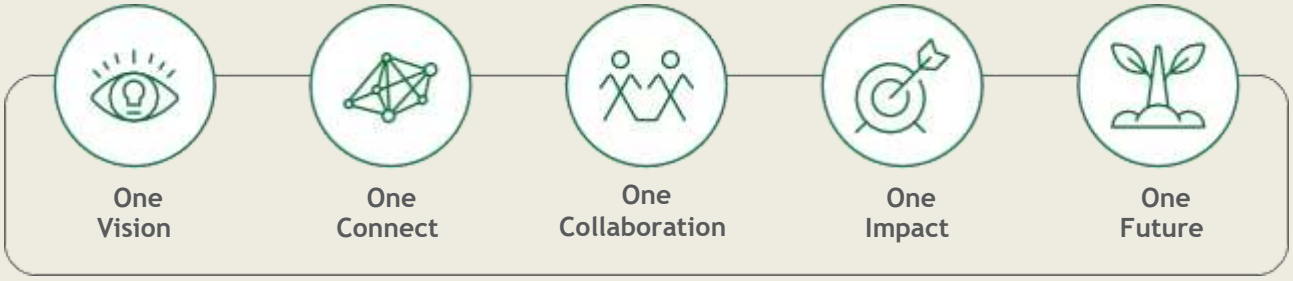

- Builds on OSH Summit 2025
- Continues the legacy of One Health Summit France 2026
- Celebrates the Indo-French Year of Innovation
- Advances outcomes of the AI Action Summit
- Connects the OSH Forum World Network of Regional Leads
- Strengthens South Asia-Europe partnerships
- Encourages cross-border scientific cooperation
- Promotes global knowledge exchange and innovation

PROGRAM SCHEDULE

18th November 2026
OSH 2026 Inauguration
Keynote Sessions
Exhibition Showcase
10.00 AM to 5.00PM
IISc Bengaluru

19th November 2026
Panel Discussion & talk's
10.00 AM to 5.00PM
IISc Bengaluru

5 BLOCKS of OSH

WHAT TO EXPECT

Driving Innovation Through Four Strategic Pillars

OSH by all Bengaluru 2026 brings together leaders across science, technology, policy and society to address global health challenges through collaborative action. The conference combines cutting-edge research, AI-enabled innovation, international partnerships and community engagement to deliver practical, scalable and sustainable outcomes.

Conference Highlights

- **Science & Technology - AI, data platforms, disease surveillance, AMR and water security**
- **International Collaboration - Partnerships across India, France, Europe, Africa, South Asia & East Asia**
- **Governance & Policy - Action-oriented dialogue with governments, WHO and global institutions**
- **Youth & Society - Empowering researchers, startups, students and civil society**
- **Focus on AI, Digital Health and One Health Data Platforms**
- **Dedicated sessions on Climate, Water, Soil and Environmental Health & Innovative Financing**
- **Showcase of the One Health Village community model**
- **Networking, policy recommendations and international project collaborations**

WHO WILL BE THERE

- Government Leaders& Policymakers
- Scientists, Researchers & Academia
- Healthcare & Veterinary Professionals
- Environmental & Sustainability Experts
- Technology Leaders, AI Innovators & Industry
- Startups, Entrepreneurs & Innovation Ecosystem
- International Agencies, Development Organisations & NGOs
- Students, Young Researchers & Civil Society

KEY EXPERIENCES

- International Keynotes &Thought Leadership
- Policy Dialogues & Governance Forums
- Technology Showcase & AI Sessions
- Scientific Presentations & Research Exchange
- Startups Connect & Industry Collaboration
- Knowledge Exchange & Partnerships
- Networking Opportunities & Field Visits
- Youth Engagement & Future Leaders Forum

ONE SUSTAINABLE HEALTH by all 2026

Expected Outcomes

- Policy Recommendations
- International Research Collaborations
- Joint Projects in Water, AMR and Zoonosis
- Bengaluru positioned as a long-term One Sustainable Health Innovation Hub
- One Health Data Platforms
- Regional Knowledge Exchange
- Global Innovation Network
- Indo-French Scientific Partnerships

Organising Committee

Utpal Tatu
ICWaR, Indian Institute of Science, India

Praveen C. Ramamurthy
ICWaR, Indian Institute of Science, India

Brian B. Rudkin
One Sustainable Health For All (OSH4A) Foundation & University Lyon1; Inserm SBRI, CNRS, France

Lakshminarayana Rao
ICWaR, Indian Institute of Science, India

Ole Petter Ottersen
University of Oslo, Norway; Karolinska Institutet, Sweden; Lausitz University, Germany

Anne-Françoise Berthon

Call for Startup Ideas

Innovate today for a better tomorrow

18–19 NOVEMBER 2026
IISc, Bengaluru, India

Join the IISc Conference!

Who can attend: Everyone · **Requirements: Just register!**

No poster or startup idea needed to join. Registration carries a fee; submitting an idea is free.

Want to Present? Submit Your Sustainable Startup Idea

Open to Undergraduate and Graduate students, PhD scholars and Young Researchers (up to 35 years). Submit your idea using the application link (QR Code 2 on the last page). If selected, we will email you an invitation to present your idea as a flash talk or a poster.

Your idea must fit one of these four categories

Human Health
Disease prevention, wellbeing & healthcare innovation

Animal Health
Livestock, veterinary care & zoonoses

Plant Health
Crops, soil & sustainable food systems

Environment Health
Water, climate & ecosystems

Poster Presentation
